

NOTICE

Dear Valued clients and business associates,

In line with government directives for Phase One of the post-Circuit Breaker period, we have re-opened from 2 June 2020 with safe management measures in place. Our operating hours have been temporary fixed between 10 am to 7 pm on working days until further announcement.

To minimise community spread of COVID-19, most of us will be working from home. All of us remain contactable on our respective emails and mobiles and if necessary, video conferencing is also available.
