Acutus Advisory Pte. Ltd.

“ Real consulting is not about leadership, vision or initiating change. It is about helping people to manage effectively and efficiently by organizing activities through rational bureaucratic routines.”

Today's business landscape is witnessing a surge in technology-led innovation propelled by ubiquitous connectivity, cloud-based infrastructure and big data analytics. Such innovations threaten to render many of today's businesses' value chains and cost models obsolete, transforming many businesses into both risks as well as opportunities.

Our team of professionals is committed to assist our client in assessing reviewing and strategizing their business requirement in order to protect their intellectual properties and remain relevant in today's markets. We also assist clients in formulating their business ideas into fruition and thus transforming their opportunities into realities.

Besides consultancy services, our restructuring service team provides advisory, business turnaround, investigation and insolvency services to under-performing and financially distressed businesses by offering them a range of alternative solutions to assist them in resolving their temporary financial setbacks and situations. Such solutions have benefited the business stakeholders and creditors. Our advisory team is equipped with the relevant experience to assist business in determining the cause of their under-performance and to work with them to identify the best strategy for business recovery. We do so by developing and implementing operational restructuring solutions to preserve the value and, ultimately viability of the business.
